### UNBEATABLE FACTS

This new system is based on the OFFICE XL system and integrates all its advantages.

- ◆ The specially developed adapter profile Frame Plus XL allows various glass thicknesses from 5/16" to 1 1/8".
- ◆ Other materials with thicknesses of 5/16" to 1 1/8" can also be integrated in the system.
- ◆ Vertical and horizontal rungs can be positioned as needed.
- ◆ The AL-OFFICE XL frame system can be integrated easily into the system.
- ◆ Simple Plug&Play solution.
- ◆ The system is installed without notches. Therefore no special mounting technical skills are required, nor special tools are needed.
- ◆ The entire system is screwed in and dry-glazed.
- ◆ All profile connections with standard-angle connector are from the AL-OFFICE series.
